

TELEGRAPHIC.

WINNIPEG, April 29.
Rosland, B. C., has a population of 7,000.
The debate on the tariff still continues in the House of Commons.
Forty persons were killed by hail stones at St. Louis, Mo.
Great damage was done at Morris by high winds on Monday night.
It is said that Great Britain has purchased a fleet of battleships in Delagoa Bay.
Nearly one hundred people were drowned by a flood at Guthrie, Oklahoma.
The charges of heresy against Ian MacLaren were rejected by the synod.
A cyclone caused great loss of life and destruction of property in Kansas.
Official decisions of the Winnipeg elections gave Jamieson 2,318, Taylor 1,211.
Three ships were destroyed and several injured by fire at Newport, West Va.
The survivors of a ship-wrecked French fishing vessel were driven to cannibalism.
Queen's university, of Kingston, has conferred the degree of LL. D. on Lady Aberdeen.
Montreal wire works and tobacco factories will partially close down on account of the new tariff.
Latest returns from Macdonald give Dr. Rutherford 514 of a majority. West Prince Edward Island has also elected a liberal.
Dynamite crisis seems imminent at Athens, and a revolution is expected to break out at any moment. Greeks are suffering severe reverses in Epirus.

TO-DAY'S TRAIN.

One car merchandise for different parties.

LOCAL.

TRAIN LEFT Calgary on time.
MAJOR GRIEBACH returned from the south on Monday's train.
A. G. RANDALL is away securing a few gold claims for himself along the river.
MRS. CHISHOLM, sister of Ronald Chisholm, died at St. Albert on Tuesday.
EXTRA copies of the BULLETIN, containing the new mining regulations, may be purchased at this office.
MISS WILSON, a sister of Ben Wilson of this town, came in from Leeds, England, on last train on a visit to her brother.
OWING to having to wait for the west-bound train at Calgary, Monday's train was six hours late, and did not arrive here until the early morning.
THE Presbyterian choir will render Dr. Fisher's famous oration, "Christ and his Soldiers," at a sacred concert to be given by them in the church on the 12th of May next.
REV. J. DYER and Messrs Goodwin and Henry left on Tuesday night on a prospecting and claim locating expedition up the river. They expect to be away two or three days.
ZEPHYRUS MARTIN and two companions left yesterday for Cochrane, for a hunt, where they will get Judge Rouleau's mining scow in readiness for the summer operations.
SIX mining scows have been built at Walter & Humberstone's yard this spring. All of them, with the exception of one, will use steam machinery. It is reported that work will start on them shortly.
H. D. CATCHLEY of Calgary, came in last week and has been travelling through the district buying up cattle for the southern ranges. Mr. Critchley has already purchased about a hundred head, which he is sending south, while he remains here to purchase more.
THE favorite occupation around town now is staking out mining claims. Numerous parties have been leaving lately at unearthly hours of the night, all laden with mining paraphernalia and firmly bent on getting ahead of each other. The river is reported to be staked for sixty miles up.
THE following will be the regular monthly routine of services at All Saints church until further notice—Sunday, 11 a. m. and 7 p. m. Wednesday 8 p. m. Holy Communion, first Sunday in the month at 11 a. m.; third Sunday at 8 30 a. m. Choral evensong on the third Sunday in the month. Sunday school at 2 30 p. m.
TOWN by-elections were held yesterday, and in every constituency a liberal was elected. In Winnipeg Jamieson was elected over Taylor, by a majority of 1,107, in Macdonald, Rutherford, liberal, was elected over McKenzie by 504 of a majority. Both of these constituencies returned conservatives at the last election. Taylor, of Winnipeg barely saved his deposit by twenty votes. In P. E. Island a liberal was also elected.
THE new mining regulations, which were passed on the 17th inst., have been received by the Dominion lands agent here, and are published in detail in another column of this issue. According to instructions received by Mr. Rattan, though claims may be staked in accordance with the new regulations, yet no registrations or entries can be made by him until after the new regulations have been published for four weeks in the Canadian Gazette. The miner, however, may stake a claim and make application therefor, and such application will have the effect of securing him priority and preference to such claim. The department further state, that, while the regulations have been carefully compiled in the hope that they would give general satisfaction, they will be pleased to receive and consider any intelligent suggestion for their amendment.
D. EASTMAN, of Chevington, Mich., and Ludwig Legault, of Wort, Dakota, have been inspecting the district in this vicinity under the guidance of immigration agent Sutter. Mr. Eastman represents some ten families in his state, who are anxious to emigrate to the Canadian Northwest, and are merely awaiting his report as to the desirability of this district before proceeding to do so. Yesterday he, with Messrs. Sutter and Legault, drove out to the Beaver Hills and through the Agriola, Edna and Clover Bar settlements. Both Mr. Eastman and Mr. Legault are highly pleased with the appearance of the district, so much so that Mr. Eastman states he will have no hesitation in telling his neighbors in Michigan to come at once, and Mr. Legault is also so well satisfied that he intends to locate here immediately and write for his friends to come. Both of these gentlemen were not a little surprised at the fertile nature of our land and the general air of prosperity which prevades the district, as they had been informed by some citizens of Calgary as well as others, whose veracity was no more reliable, that the district around Edmonton was a frozen and forsaken wilderness.

FOR SALE: Ross Bros., \$50; and W. B. Stennett, \$30 in small lots.

THE fire brigade will hold their first practice of the season on Tuesday night next, at 8 o'clock.

JAS. R. LUCAS, of Chipewyan, came in last Monday and left for the Landing the following day.

THE liberal association will hold their regular meeting on Tuesday evening next, at Houston's hall.

W. WILSON, dentist of South Edmonton, has opened a branch office over John Cameron's old stand.

A MEETING of the management committee of the sports celebration will be held on Monday night in the fire hall.

MISS THOMSON, came in from Portage du Fort, Quebec, last week on an extended visit to her brother, Geo. Thomson, here.

S. S. TAYLOR returned to Saddle Lake on Tuesday night having received word of the serious illness of his infant son who is staying there.

CALGARY HERALD: Superintendent Griesbach, N. W. M. P., came down from Fort Saskatchewan and left this morning for Macleod.

THE anthem at the Presbyterian church next Sunday evening will be the English translation of the "Johannatus" from Rossini's "Stabat Mater."

MESSRS. STEPHEN and Cowie left on Tuesday for a prospecting trip up the river to Goose island. They drove up, and intend returning by floating down the river in a small boat.

A JURY, who visited here a short time ago on an official tour as immigration agent, has been speaking in Winnipeg on the labor question. The speech is highly commented upon by Winnipeg papers.

ONE of the first results wrought by the new tariff is to increase the price of tobacco in our local market. T. & B. which originally cost 25 cents per plug now retails at 30 cents and small plugs until lately sold at 10 cents now sell at two for 25 cents.

SERGEANT BROOKS, and Corporal Byrne and Digs, left on Tuesday's train for Regina, where they will join the detachment of the N. W. M. P. which has been selected to represent the force in England in June next.

Supt. Perry has been chosen to command the contingent, which will consist of about 25 men selected from different divisions.

THE Canadian Manufacturer, of Toronto, is publishing the new Canadian and United States tariff laws, also the British tariff and British merchandise act in a special edition of their journal. The laws, which are thoroughly authentic, will be of great value to all manufacturers and wholesale dealers, as well as the commercial world generally.

THE funeral of Willie Groat, who died at Golden on Sunday last, took place yesterday, the body being interred in the cemetery here. An unusually large concourse of people assembled showing by their presence and silent sympathy, the esteem in which they held the deceased and the respect and sorrow they felt for the bereaved family.

The body was escorted by the St. Andrew's society to the church, where a brief service was read, after which the funeral procession was formed and moved to the cemetery where the last and solemn ceremony was performed. Mr. and Mrs. Groat, who are among the first settlers of this district, have the sincere sympathy of the entire community in their sad affliction.

LOW DOWN.

The old moth eaten fable of the fox and the grapes would fittingly apply to those unprincipled people, who in a "dog in a manger" manner endeavor to keep intending immigrants out of Northern Alberta by false statements of its climate and the nature of its soil. No better example is at hand than the case of two gentlemen who came in only last week from the States with a number of others, all looking for locations in the West, particularly in Northern Alberta. As soon as they arrived in Calgary and stated their destination they were at once advised to not think of going north as that country "was nothing but rock and timber" but to settle south of Calgary, and the result was that only two actually came and their surprise at the nature and prosperity of the country was only equalled by the surprise with which they realized the extent of the veracity of the people of the windy city.

Another person, who was a travelling exponent of everlasting truth, was telling the people of some of the Western States, a short time ago, that this district was only a frozen wilderness, forsaken by man and blighted by providence. We could excuse this as he was only a Yankee parson and didn't know any better, but that the people of Calgary should resort to the same tactics to prevent immigrants coming to Northern Alberta, is somewhat of a surprise.

All Northern Alberta asks for is that it will not be blackguarded and belittled before people who are not in a position to know the truth, we don't ask the people of the south to circulate any exaggerated reports of its virtues, for they will require all their abilities in that line to divert immigration to their own district, but all we ask is that they will tell the truth, or if being Calgary land boomers, they don't know how, that they will keep quiet, which favor the people of the north will appreciate and reciprocate by keeping a dignified silence as to the advantages of the south, which—as they would have only the alternative of doing that or telling the truth—would be the greatest favor they could confer upon it.

Rat Portage, April 23.—It is quite evident that there is an objection to Rat Portage having a hospital, as an attempt was made to burn the hospital now under construction on Tunnel Island. A liveryman was driving from Keewatin at a late hour and noticed the flames in time to extinguish them before much damage was done. There is no clue to the incendiary.

LETTER OF THANKS.

I wish to take this the first opportunity of thanking Mrs. Cullen and all my other friends of Golden and Edmonton, who were so kind to my deceased son during his illness and to us in our affliction. Words cannot express our feelings of deep gratitude, but we trust that this small expression of our sentiments will show that the kindness is highly appreciated and will never be forgotten by Mrs. Groat and myself.

MALCOLM GROAT.

A LETTER OF CONDOLENCE.

At a special meeting of the St. Andrew's society held in the town hall on Tuesday evening last, it was unanimously decided that the secretary be requested to write the following letter of condolence to Mr. and Mrs. Malcolm Groat.

MALCOLM GROAT ESQ., Edmonton.

DEAR SIR,

I am directed by the Edmonton St. Andrew's society to express to you and Mrs. Groat the feelings of deep regret with which they heard of the death of your son William. We trust that your grief may be tempered by the thought that he, who has been so suddenly called away, was respected and esteemed by all who knew him, and that without a doubt, your loss is his gain. May the knowledge of our sympathy be some consolation to you in your affliction.

I am dear sir, yours very sincerely,
Geo. W. GAIRDNER,
Secretary.

CATTLE FOR THE WEST.

Toronto, April 23.—The Dominion cattle breeders' association are arranging a series of shipments of pure bred stock to the Northwest. Yesterday a car was started at Guelph, taking Galloways from D. McCrae for J. H. Tinney, Dunmore, Alberta; Polled Angus from James Bowman for Oak Lake, Manitoba; Shorthorns from J. and W. Russell, Richmond Hill, were taken here and the load will be completed at Myrtle. The car will be in charge of James Yale, late of Elder's Mills. The experiment will be repeated if more stock offers. J. W. Hodson, superintendent of farmers' institutes, is arranging the details, solely in the interests of the breeders of pure bred stock.

NEW ADVERTISEMENTS.

NOTICE.
A meeting of the Executive committee of the Victoria Diamond Jubilee celebration, will be held in the fire hall on Monday evening next, at 8 p. m. All are requested to attend. Important business.
W. G. JENNISON, Secretary.

"The Ten Virgins"
A very special meeting will be held on Saturday evening next in the Salvation Army barracks. Admission 10 cents.
E. KEMP, Captain.

WANTED.
Twenty tons of good potatoes, to be delivered between the 30th inst and 2nd May.
S. D. EVANS, Edmonton.

THE NEW TARIFF AND ITS EFFECT UPON THE WEST.

With a speech which the Winnipeg Tribune characterises as one of the most important ever delivered in parliament, the Hon. Mr. Fielding, minister of finance, laid before the house on Friday last the new tariff, which, for four years at least, will replace the national policy as part of Canada's international commercial law. The tariff, which is too voluminous to publish in detail, has already been quoted briefly in our columns, but, as the effect which it will probably have on the west is the point which chiefly concerns the people of this district, we give below the comments contained in the Winnipeg Tribune: "Let us see where the tariff helps the west. Barbed wire and binder twine are placed on the free list. Six months grace only given the manufacturers to prepare for the change, both articles being in the meantime greatly reduced. No complaint has been made regarding the delay. The duty on wheat and flour is cut by about 25 per cent. This is a good thing for Manitoba. The duty on spades, shovels, rakes and all such are greatly reduced. The large slash in iron duties (which should have been wiped out as an excrescence) should greatly reduce the cost of production of hundreds of articles. The reduction on coal oil of one cent, seems trifling and will be a disappointment to the west, but the removal of the restrictions regarding transit in tank cars is tantamount, so the dealers say, to a reduction of 3 cents a gallon. It would, many think, have been better to wipe the whole duty off and let the industry collapse. No change is made in the lumber duties. A slight reduction in the duties on sugar and the decision not to tax, as expected, is hailed with satisfaction.

All good citizens will be satisfied with the increase of duty on spirits. Revenue has to be raised in some way and let the drinker pay the big proportion.

Such are the main features of the new tariff. With special reference to the effect on the west, if those who are disposed to be hypercritical or dependent will bear in mind that in one year's time the duty to Britain and all nations that will trade on fair terms will be 22 1/2 per cent., they will see the immense stride made toward free trade, the present duty being about 35 per cent. on the average.

Ottawa, April 23.—One of the biggest general reductions is on woollens. The schedule will be about 25 per cent. all around, which will be a great consideration for the Northwest. On this class of goods the preferential tariff will apply especially and the west will get cheap woollen clothing. A satisfactory feature of the new tariff is the almost total abolition of the various specific duties. Another feature is the simplification of the tariff which will do away with the friction now existing between the importer and the custom houses.

Another very important concession which will be a boon for the west is free mining machinery and articles used in connection with mining, such as powder, etc. All kinds of wire fencing is free after January. There are great reductions on wire nails.

Ottawa, April 23.—The more the new tariff is studied the better it appears. It is now asserted that with a preferential tariff in force next year the average duty will be about 20 per cent. In many cases woollen duties have been cut in two and yarn reduced from 45 to 15. Patent medicines have been reduced on an average from 50 to 30 and stereotype plate is also reduced.

NEW MINING REGULATIONS.

The following are the new regulations, as received by the local land agent here, governing placer mining along the North Saskatchewan River:

INTERPRETATION.

"Bar diggings" shall mean any part of a river over which the water extends when the river is in its flooded state, and which is not covered at low water.

"Bench claim" shall mean a part of the present bank of the river overlying a portion of what was originally a gravel bar in the river, and shall include "bar diggings."

"Legal post" shall mean a stake standing not less than four feet above the ground and squared on four sides for at least one foot from the top. Both sides so squared shall measure at least four inches across its face. It shall also mean any stump or tree cut off and squared or faced to the above height and size.

"Close season" shall mean the period of the year during which placer

mining is generally suspended. The period to be fixed by the agent of Dominion lands in whose district a mining location is situated.

"Locality" shall mean a stretch of river within ten miles from any point on the river.

"Mineral" shall include all minerals whatsoever other than coal.

NATURE AND SIZE OF CLAIMS.

For bar diggings a strip of land 100 feet along high water mark, and thence extending into the river to the lowest water level.

Bench claims shall be 100 feet along high water mark and shall extend forward to low water mark and back to the bank of the valley. Provided, however, that if the distance from high water mark to the bank of the valley exceeds 1000 feet, the length of the claim shall be confined to that number of feet.

Entry may be obtained for a bar diggings or a bench claim upon complying with the following regulations:

1. Any person who desires to work bar diggings may upon payment of a fee of \$1.00 to the agent of Dominion lands, obtain a free miners' certificate upon form "A" in the schedule to these regulations. This certificate will entitle the holder thereof to stake out bar diggings at any time in accordance with the provisions of these regulations, and work the same without further reference to the agent. It will be necessary, however, for the holder of the certificate to comply with the provisions of these regulations as to working the claim.

2. A bench claim shall be recorded with the agent of Dominion lands in whose district it is situated, within three days after the location thereof, if it is located within 10 miles of the agent's office. One day extra shall be allowed for making such record for every additional ten miles or fraction thereof.

3. An entry fee of \$5 shall be charged and the entry will be good for one year from the date thereof.

4. The sides of a claim for a bar diggings shall be two parallel lines run as near as possible at right angles to the stream and shall be marked by four legal posts, one at each end of the claim and one at each end of the claim at or about the edge of the water. One of the posts at high water mark shall be legibly marked with the name of the miner and the date upon which the claim was staked.

5. The sides of a bench claim shall be parallel lines running as nearly as possible at right angles to the stream, and shall be marked by six legal posts, one at each side of the claim at or about low and high water marks, also one at each end of the claim upon the rear boundary thereof.

6. The boundaries of a claim beneath its surface shall be the vertical planes in which its surface boundaries lie.

7. Every claim shall be represented and bona fide worked by the holder thereof, or some person on his behalf, continuously, as nearly as practicable, during working hours, and shall be deemed to be abandoned and absolutely forfeited when it shall remain unworked on working days by the holder thereof or some person on his behalf for a period of seventy-two hours, except during the close season, lay-over or leave of absence, or during sickness, or for some other reasonable cause which shall be shown to the satisfaction of the agent of Dominion lands.

8. If a claim is not being worked in a bona fide manner, the agent of Dominion lands shall upon obtaining evidence to that effect satisfactory to himself, cancel the entry given for the location.

9. Any party of miners not exceeding four whose claims are adjoining may for the better development of their claims and upon being authorized to do so by the agent, work any one of the claims, and the work performed thereon shall be accepted as being done on each claim.

10. When steam power is employed continuously for dredging for bar or bench claims, these claims may be 200 feet in width, but they shall be the same length as already prescribed.

11. Miners holding two or four adjoining claims may for the purpose of operating them by steam power combine and work one of the claims and the work thereon will be sufficient to hold the remainder subject to the bona fide working of the claim in the manner already provided by these regulations. Provided that an agreement between the parties concerned is filed with the agent of Dominion lands and his consent to the agreement is obtained. The agreement shall provide that the owner of each location or his representative shall be employed in the work performed upon the claims. Provided also that the agent of Dominion lands shall be furnished from time to time with such particulars as he may require in relation to the operation of the claims.

12. When claims are to be operated by steam power the agent may give a period of sixty days from the date of recording the claim, to place machinery on the ground and to commence operations.

13. The form of application for a grant for placer mining, and the grant of the same, shall be those contained in forms H and I in the schedule hereto.

14. The entry of every holder of a grant for placer mining, except in the cases provided for in section one of these regulations, must be renewed and his receipt relinquished and replaced every year, the entry fee being paid each time.

15. No miner shall receive a grant of more than one mining claim in the same locality, but the same miner may hold any number of claims by purchase or assignment.

16. Any miner or miners may sell, mortgage, or dispose of his or their claims, provided such disposal be registered with, and a fee of two dollars paid to the agent, who shall thereupon give the assignee a certificate in the form J in the schedule hereto.

17. Every miner shall, during the continuance of his grant, have the exclusive right of entry upon his own claim, for the miner-like working thereof, and the construction of a residence thereon, and shall be entitled exclusively to all proceeds realized therefrom; but he shall have no surface rights therein, unless acquired by purchase; and the superintendent of mines may grant to the holders of adjacent claims such right of entry thereon as may be absolutely necessary for the working of their claims, upon such terms as may to him seem reasonable.

18. Every miner shall be entitled to the use of so much of the water naturally flowing through or past his claim and not already lawfully appropriated, as shall, in the opinion of the superintendent of mines, be necessary for the due working thereof; and shall be entitled to drain his own claim free of charge.

19. If the land upon which a bench claim has been located is not the property of the crown, it will be necessary for the person who applies for entry to furnish proof that he has acquired from the owner of the land the surface rights before entry can be granted.

20. If the occupier of the lands has not received a patent therefor, the purchase money of the surface rights must be paid to the crown and a patent of the surface rights will issue to the party who acquired the mining rights. The money so collected will either be refunded to the occupier of the land, when he is entitled to a patent therefor, or will be credited to him on account of payment for land.

21. When the party obtaining the mining rights to lands cannot make an arrangement with the owner or his agent, or the occupant thereof, for the acquisition of the surface rights, it shall be lawful for him to give notice to the owner or his agent or the occupant to appoint an arbitrator to act with another arbitrator named by him, in order to award the amount of compensation to which the owner or occupant shall be entitled. The notice mentioned in this section shall be according to a form to be obtained upon application from the agent of Dominion lands for the district in which the lands in question lie, and shall when practicable, be personally served on such owner, or his agent if known, or occupant; and after reasonable efforts have been made to effect personal service, without success, then such notice shall be served by leaving it, at, or sending by registered letter to, the last place of abode of the owner, agent or occupant. Such notice shall be served, if the owner or agent resides in the district in which the land is situated, ten days, if out of the district and within the province, twenty days, and if out of the province, thirty days, before the expiration of the time limited in such notice. If the proprietor refuses or declines to appoint an arbitrator, or when, for any other reason, no arbitrator is appointed by the proprietor in the time limited therefor in the notes provided for by this section, the agent of Dominion lands for the district in which the lands in question lie, shall on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant willfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent or occupant, appoint an arbitrator on his behalf.

22. (a) All the arbitrators appointed under the authority of these regulations shall be sworn before a justice of the peace to the impartial discharge of the duties assigned to them, and they shall forthwith proceed to estimate the reasonable damages which the owner or occupants of such lands, according to their several interests therein, shall sustain by reason of such prospecting and mining operations.

(b) In estimating such damages, the arbitrators shall determine the value of the land irrespectively of any enhancement thereof from the existence of minerals therein.

(c) In case such arbitrators cannot agree, they may select a third arbitrator, and when the two arbitrators cannot agree upon a third arbitrator, the agent of Dominion lands for the district in which the lands in question lie shall select such third arbitrator.

(d) The award of any two such arbitrators made in writing shall be final, and shall be filed with the agent of Dominion lands for the district in which the lands lie.

23. If any cases arise for which no provision is made in the regulations, the provisions of the regulations governing the disposal of mineral lands other than coal lands approved by His Excellency the governor-in-council on the 9th of November, 1889, shall apply.

LEASES.

24. A lease for five years may be granted to dredge the bed of the river below low water mark for a distance not exceeding five miles upon such terms as His Excellency the governor-in-council may designate. Provided that any person who may receive entry under these regulations shall be entitled to run tailings into the river at any point thereon, also to mine two feet below the surface of the water at low water mark by putting in wing-dams whether he shall locate before or after the date of such lease.

[The several schedules referred to in the above regulations, may be seen at the Dominion Lands Office here.—Ed.]

Hudson's Bay Company

(INCORPORATED 1670)

... THE MANCHESTER HOUSE

.. CLOTHING ..

Owing to our facilities for buying direct from the manufacturer, we have been enabled to secure some very cheap lines in Clothing for this season's trade.

We are showing a larger range than ever, and at prices which eclipse all our past efforts. Our Youths' and Boys' department is filled with Bargains, in fact many lines are the same price as Eaton's.

Our specialty is fine goods, which are equal to tailor-made suits in fit and finish, but lower in price. The description below will give you an idea what we are doing, but we respectfully ask you to call and see for yourself, for we consider it a pleasure to show our goods.

Boys' 2-piece Suits

Blue Galatee, . . . 90c.
White Duck, . . . \$1 00

CHAPTER XIII. AMUSEMENTS, SPORTS AND GAME.

During the busy spring, summer and autumn farmers have little time to devote to social gatherings and amusements. The winter affords more leisure and better opportunities for such enjoyments. One bachelor farmer's reply to the question "How do you amuse yourselves in summer and winter?" reads thus: "In summer, on work days, work in field; on Sundays wash my shirt and bake bread. In winter, haul rails and talk about my neighbors."

The new settler has little time for amusements which would take him long away from his farm and stock in winter. Reading seems in this case to be the chief recreation.

Those who have got over the initial difficulties of newly settling amuse themselves in every variety of way according to taste. In summer, picnics, horse racing, riding, driving, bicycling, shooting, boating, canoeing, fishing, football, cricket, lacrosse, baseball, golf, lawn tennis and croquet are all mentioned; also duck shooting in spring and deer hunting in fall. Dances, concerts, amateur theatricals, literary, debating and other societies, meetings, card parties and other indoor amusements are enjoyed in winter; when trapping, sleighing, tobogganing, snowshoeing, skating, ice boating, curling, hockey and other outdoor sports suitable to the climate are keenly gone into. The fine stewart and athletic native Canadian does not suffer by any means in comparison with his British born fellow subject. The Canadian has inherited all the old British love of outdoor exercise and manly sports, and added to the latter, recreations peculiarly adapted to his own country - and more freely enjoyable therein. That northern nation, whose manifest destiny is to dominate the American continent, is being reared and developed on the play grounds and the hunting and snowfields of Canada.

GAME.

In so large and sparsely peopled a country, in parts remote from farms, game is naturally to be found either rare or plentiful according to locality, season and circumstances. The quantity of game varies exceedingly, one year a species may be plentiful, next season totally disappear. For instance the hare (generally called rabbits in this country) increases prodigiously in numbers and disappears periodically every few years. The lynx is also a notable example of this periodic ebb and flow in numbers; but all game is more or less subject to this mysterious law. The most plentiful kinds are ducks of many varieties; the grouse generally called prairie chickens, and the hare known as the rabbits. To these add in lesser numbers geese, swans, loons, pelicans, cranes, partridges, snipe, plover; moose, red, black tailed and other deer; and of the furry tribe, too many of the small variety of wolf, called coyote, a few skunks and foxes, an occasional black or brown bear and timber wolf; some badgers, ermines, lynxes, muskrats, martins, minks, fishers, otters and Wolverines.

There are sturgeon, catfish and trout in the Saskatchewan river; pike, pickerel, carp and gold eyes occur in that and other streams and lakes. In several lakes such as Pigeon, St. Anne and Lac la Biche the beautiful and nutritious whitefish abound.

Thus the keen sportsman finds many opportunities of hunting, shooting, fishing and trapping; and there are ample facilities for indulging especially near town, in every kind of manly outdoor games. The beautifully firm natural roads and trails are almost perfect for bicycling.

Various societies and clubs for the pursuits of sport exist, including gun clubs and rifle associations.

A remarkable amount of musical talent exists. The towns of South Edmonton, Fort Saskatchewan and St. Albert each possess a brass band; and Edmonton boasts of two of these, besides the composite band of the Salvation army, which enlivens the streets with music every evening.

CHAPTER XIV. DISTRICTS, LANDS AND LANGUAGES THEREIN.

Particulars as to vacant lands can best be obtained from the local agents of the Dominion government, of the railway companies, of the Hudson's Bay and other land companies, as well as by applying to the parties whose advertisements of lands for sale appear in the end of this hand book.

The average prices of lands for sale are:

Wild land belonging to government \$3.00 per acre.

Wild lands belonging to C. P. R. \$3.35 per acre.

Wild lands belonging to other corporations and private parties \$4.25 per acre.

Improved lands belonging to private owners \$7.25 per acre.

The reader will of course recollect that one-half of the land in each township is given as free homesteads to actual settlers; and the particulars of the vacant free grant land are to be had of the resident Dominion lands agents at Edmonton, Beaver lake, Wetaskiwin and Red Deer.

LANGUAGES.

It may be well to state here the prevailing nationalities in the different settlements heard from.

Montville, is French; St. Albert, French, Scotch and Irish Catholics; and near Fort Saskatchewan there are a number of French. The name Stony Plain covers a large district in which there are English speaking, French, German, Austrian and Russian colonies.

Besides English speaking people there are many Scandinavians and Germans around Wetaskiwin and Lewisville. There are considerable colonies of Germans in the vicinity of South Edmonton, Rabbit Hills and Fort Saskatchewan, although the majority in these settlements speak English. Norwegians occupy settlements east of Fort Saskatchewan and in the vicinity of Beaver Lake.

Clover Bar, and perhaps Horse Hills, might be called Scotch settlements; and these with Belmont, Poplar Lake, Sturgeon, Sandy Lake and Red Deer are almost entirely inhabited by people whose language is English.

LACOMBE LINKS.

W. F. Puffer drove to Olds Friday last and returned to-day.

Tice & Reavell, livemen, have secured the Clydefield stallion owned by Rowland & Watson last season.

Mr. Ide of Gull Lake, has bought the lot next to the drug store, from Mrs. Cleaveland, who is moving in a few days to the Kootenay where Mr. Cleaveland went a few weeks ago.

Charlie Morris has had his building, which was occupied as a skimming station last summer, sided, sealed etc., making it into a very neat building for a small business of any kind.

Dr. Sharpe is fencing the property he recently purchased from Dr. Richardson.

Mr. Stiers also Mr. Walker have recently moved to town from Pleasant Valley. The former expects to work on the railroad here this summer. Mr. Shales, who is also on the road, is living with his family in part of the station-house.

Wm. Neale, who spent the winter in England, has returned, and has rented his farm to Geo. Reynald.

Very high wind to-day.

W. T. Elliot, harnessmaker, has had the front of his shop nicely painted with signs etc.

April 26th, '97.

MANITOBA FLOODS.

Emerson, April 22.—The water is still rising and people are suffering.

Morris, April 22.—The situation is getting worse here. A German woman was drowned while crossing the Morris river yesterday.

St. Vincent, Minn., April 22.—People here are having a hard time. Isaac Flack and Pete Boyer perished while their shack was being tossed about by the storm and flood.

CUBAN CAUSE IS LOST.

Havana, April 21.—The well known insurgent leader, Julian Zarragas, who surrendered with five of his followers to the Spanish authorities in Pinar del Rio on April 15th, has admitted to General Inclan that he has personally dynamited trains in the province of Pinar del Rio, and says he surrendered because he considers the insurgent cause to be lost. Zarragas added that the independence of Cuba would mean chaos, would be a final catastrophe for the island, and that the negroes would dominate it completely. He is an anarchist and claims the insurgents in Pinar del Rio have been dispersed, every leader acting in his own account and all wishing to command. Zarragas' frank admissions and statements have won considerable sympathy for him among the Spaniards.

putting it off any longer as there will be nothing gained by it. If you need any goods of any description now is the time to buy them, and the only question to consider is, where are you going to buy them, where can you do the best and be sure of getting the best value for your money...

This is both a wise and important matter to consider whether times are good or bad. In the opinion of a large number of the most prosperous people in the country, who are the shrewdest and most careful of buyers, McDougall's is the place the year round, in any kind of times, and no matter what is the size of your purse. No purchasers too small or none too large. One and all receive the very best of values, and they all come back for more.

The stock is now large and complete in all lines.

By-Law No. 137.

A By-Law to provide for the raising of twenty-five thousand dollars as a bonus to aid in the construction of a Combined Railway and Traffic Bridge across the Saskatchewan River, at Edmonton.

WHEREAS, a petition, signed by at least one hundred of the resident ratepayers of the Municipality of the Town of Edmonton, has been presented to the Municipal Council of the said Municipality, requesting them to pass a By-Law to provide for the raising of the sum of \$25,000.00 to be given as a bonus to the Dominion Government to aid in the construction of a Combined Railway and Traffic Bridge across the Saskatchewan River at Edmonton, and for the issuing of Debentures therefor, and to submit the same for the assent of the ratepayers of the Municipality duly qualified to vote thereon;

AND WHEREAS, the Municipal Council have deemed it expedient to comply with the requests of the said petition;

AND WHEREAS, the Municipal Council deem it expedient that the said sum shall be raised by the issue of Debentures to the said amount, payable in thirty years, bearing interest at the rate of five per cent. per annum, payable half-yearly;

AND WHEREAS, the amount of the whole rateable property of the Municipality, according to the last revised assessment roll, is \$914,770.69;

AND WHEREAS, the total amount of the existing debt of the Municipality, outside of the debt due for the current expenses of the year, is \$18,610.88, incurred for local improvements; and \$37,765.98, incurred for permanent improvements; making in all the sum of \$56,376.86, "whereof no part is in arrears";

AND WHEREAS, it is expedient to provide for the payment of the principal of the said Debentures by the creation of an equal yearly Sinking Fund;

AND WHEREAS, the sum amount for the said annual sinking fund, for the paying of the said debt, by means of a Sinking Fund as aforesaid, and the interest thereon, shall be levied in the same manner, and at the same time, as the general municipal taxes, upon the whole of the rateable property in the Municipality in each year, for the period of thirty years, during which the said Debentures shall be current.

1. This By-Law is to take effect on the 6th day of May, A. D. 1897.

2. The Mayor and Clerk of the Municipality are hereby authorized to issue debentures of the Municipality to the aggregate amount of \$25,000.00, payable in thirty years from the day of the date on which this By-Law takes effect, bearing interest at the rate of five per cent. per annum, payable half-yearly; such debentures to be payable at the office of the Treasurer of the Municipality of the Town of Edmonton, and to have attached to them coupons for the payment of interest.

3. For the purpose of paying the amount which shall be required to be raised by the payment of the said interest, and for the creating of an equal yearly Sinking Fund, to be paid out of the payment of the principal sum of \$25,000.00, a special rate of 1.810 mills on the dollar, over and above all other rates and taxes, shall be levied in the same manner, and at the same time, as the general municipal taxes, upon the whole of the rateable property in the Municipality in each year, for the period of thirty years, during which the said Debentures shall be current.

4. The said Debentures, when so issued, as aforesaid, shall be deposited with the Treasurer of the Municipality, and the same, or the proceeds thereof, shall be by him delivered to the Minister of Public Works of the Dominion of Canada, for the time being, in accordance with the provisions of a By-Law to be hereafter passed by the Municipal Council in that behalf.

5. Wednesday, the 6th day of May, 1897, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon, at the office of the Town Clerk, Edmonton, is hereby fixed as the day, place and hour for taking the votes of the electors, for and against this By-Law.

6. Arthur G. Randall is hereby appointed Returning Officer, and St. Geo. Julett, Deputy Returning Officer, to take the votes at the said time and place.

7. Wednesday, the 5th day of May, 1897, at the hour of six o'clock in the afternoon, at the office of the Town Clerk, Edmonton, is hereby fixed as the time and place where the Returning Officer will sum up the number of votes given for and against this By-Law.

Provisionally adopted in Council at the Town of Edmonton, this 10th day of April, A. D. 1897.

(Sgd) J. A. McDUGALL, Mayor.

(Sgd) A. G. RANDALL, Clerk.

NOTICE.

Notice is hereby given that the foregoing is a true copy of a By-Law of the Municipality of the Town of Edmonton, which will be taken into consideration by the Municipal Council after being voted on by the electors of the Municipality; and that Monday, the 13th day of April, 1897, is the date of the first publication of the said proposed By-Law, and Wednesday, the 5th day of May, 1897, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon at the City Hall, Edmonton, are the day, hour and place for the taking of the votes of the electors, for and against the said proposed By-Law.

Dated, April 10th, A. D. 1897.

A. G. RANDALL, Clerk of the Municipality of the Town of Edmonton.
